أَسْمَآءُ ٱللَّهِ ٱلْحُسْنَىٰ

The 99 Names of Allah

Arabic, transliteration and the narration's own translated meanings, reproduced from the enumeration narrated in Jami' at-Tirmidhi 3507, as printed on sunnah.com.

READ THIS FIRST

The number ninety-nine is stated in Sahih al-Bukhari (2736) and Sahih Muslim (2677a), without a list. The list below is the one narrated in Jami' at-Tirmidhi 3507; sunnah.com prints its grade as Da'if (Darussalam), and at-Tirmidhi himself called the narration gharib. The count of 99 is reached counting Allah, the opening statement's name, as the first; the names that follow it in the narration are 98. A second, different enumeration exists in Sunan Ibn Majah 3861; lists are never merged on ImanAtlas.
